Clarifying Information

Added new Clarifying Information #5 to address overpayments when a client fails to report a change of circumstances they must report for one, but not all, programs.

If someone does not report a change in circumstances required under WAC 388-418-0005, we determine if a client has an overpayment for **each program** based on **that program's** reporting requirements.

Added example where client failed to report a change required for TANF, but not Basic Food. The client has an overpayment for TANF only.
